

# REEPERBAHN FESTIVAL 2014: AUSTRIAN HEARTBEATS

## ARTIST: ONEFOURSIX

On 1 April 2006 Alee Martinez, Conny Sierra, Patrick Salmy and Axel Braun have met for the first time. This wasn't an April fool's joke, but the beginning of a wonderful friendship that continues to this day. Simultaneously the four of them created their band's name with this date. They started out in a rehearsal room in Vienna, playing endless jams and developing powerful and emotional pop rock sounds. Soon the newcomer band left Vienna for Hamburg - city of the Beatles, of the Hamburger Schule and of the Reeperbahn Festival. Here they try to settle down, make progress and dedicate their whole life to music.
