### Music Moves Europe Talent Awards /w 5K HD (AT)

The Music Moves Europe Talent Awards (MMETA) are the new European Union Prize for popular and contemporary music. The MMETA is celebrating European music and rewards eight outstanding emerging artists every year at Eurosonic Noorderslag (ESNS). Among the sixteen official nominees is [5K HD](#) from Austria. The avantgarde-pop formation 5K HD plays with partly acoustic, partly electronic sounds and without ever losing sight of a pop sensibility while moving fluently through jazz, dubstep, breakbeats, funk and even into a pop rock escalation.
